DEFENSE SYSTEM

**Helps you work smarter,
not harder, to fight bugs.**

Visit raid.com to identify
your bug and best treatment plan.

Use This Product To:

KILL BUGS AT THE SOURCE

† Use to kill ants, roaches and other listed bugs where they hide. For heavy infestations, first use this product and then place baits to provide ongoing control.

**CONTROL
BUGS**

KILLS

- Ants • Black Carpet Beetles • Crickets • Earwigs • Fleas • Houseflies
- Mosquitoes • Palmetto Bugs • Pillbugs • Rice Weevils • Roaches
- Saw-Toothed Grain Beetles • Small Flying Moths • Spiders • Ticks • Waterbugs

Use Other Raid® Products To:

**ATTACK
BUGS**

KILL BUGS ON CONTACT

* Use a Raid® Ant & Roach Killer product to kill ants, roaches and other listed bugs on contact. Avoid spraying near baits to make sure bugs can bring the bait back to where they hide. Read the label to find the right product for your bug problem.

**PREVENT
BUGS**

KEEP BUGS OUT

‡ Use a Raid Max® Bug Barrier product to keep ants, roaches and other listed bugs out. Read the label to find the right product for your bug problem.

TIPS

- **Remove food spills and exposed food. Store food in sealed containers.**
- **Caulk any points where ants enter into wall voids, cracks and crevices including entry points from outside or neighboring units.**

STORAGE: Store in a cool, dry place away from heat or open flame. **DISPOSAL:** Do not puncture or incinerate! If empty: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label. If recycling is not available, place in trash. If partially filled: Call your local solid waste agency or 1-800-529-3394 for disposal instructions.

READ ALL SIDES OF BOX.

For use in apartments, homes, attics, basements, cabins, garages, household storage areas, sheds, campers. One 2.1 oz can treats a room up to 25' X 35' with an 8' ceiling, up to 7000 cu. ft (875 sq. ft.) of unobstructed space. Apply this product only as specified on this label. Do not use in food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Does not control bed bugs.

General Precautions and Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the treated area during application. Exit area immediately and

remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors and/or mists have dispersed.

Do not re-enter for four hours. Before reoccupying the area, open all doors and windows and allow treated area to air for 30 minutes. If an odor is still

detected additional ventilation is required.

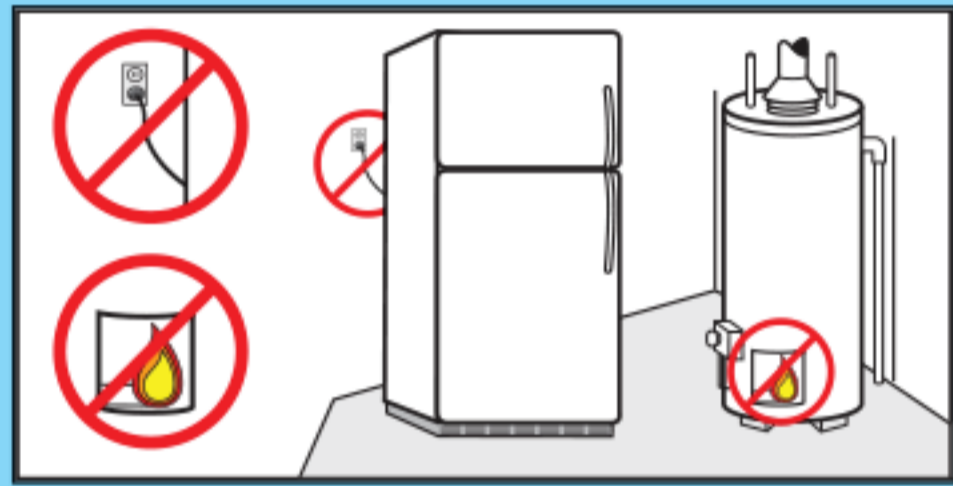

Remove birds and other pets before application. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment, and turn aquarium systems off.

Do not apply when food is present. Exposed food should be covered or removed. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use.

Do not use in greenhouses where plants are grown for food.

TO USE THIS PRODUCT CORRECTLY

Turn off all flames and pilot lights. Call your gas utility or management company if you need assistance with your pilot lights.

Do not use fogger in small confined areas, such as closets, cabinets or under counters or tables.

Do not use in a room 5 ft. x 5 ft. or smaller, instead allow fog to enter from other rooms. Do not use more than one fogger per room.

Use of a fogger in an enclosed space (or use of more than one fogger per room) may cause the product to explode, resulting in injury to people and damage to property. CLOSE outside doors and windows. SHUT OFF fans and air conditioners.

1 BEFORE YOU FOG

Open cabinets, cupboards, drawers, closets and doors in areas to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. REMOVE pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums.

COVER waxed wood floors, waxed furniture and stereo or other plastic dust covers in the immediate area surrounding the fogger (newspapers may be used). Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels.

2 TO START FOGGING

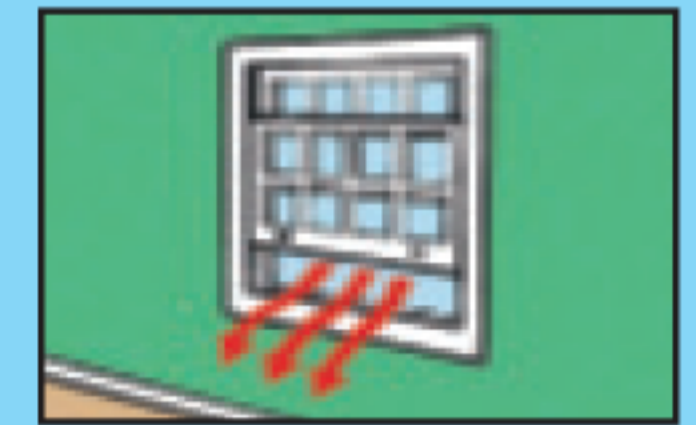

Break off and remove tab on side of sprayer. Tilt sprayer AWAY from face. Press down firmly on sprayer pad until it snaps into place. Set fogger on covered stand.

Vacate the treated house, individual apartment unit, or other structure immediately.

Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for 4 hours.

Do not re-enter for four (4) hours

3 AIRING OUT

Do not re-enter for four hours. Before reoccupying the area, open all doors and windows and allow treated area to air for 30 minutes. If an odor is still detected, additional ventilation is required. Do not allow adults, children or pets to enter the treated area until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
